## Weight Loss without Pain & Hunger [77 minutes CD]

Tired of trying failed weight loss pills and diets, Use hypnosis! We realize that weight loss can be powerfully effective when working with the subconscious mind. Stop searching! Its here! Safe & Easy.

## Power Focus For Concentration [65 minutes CD]

Just as you read the words before you now, you can allow a stronger point of focus to begin to develop within... you had to read these words with concentration and focus but now notice the deep colour of the letters, the contrast of the background, your inner voice, how quickly you just multiply this feeling of concentration in seconds. What will you do when you gain an unbelievable point of concentration? Access this anytime you need!

## Stress Relief for our Modern World [68 minutes CD]

You as an adult, can recall those days as a child, playing outside with your friends all day, never knowing that stress would be a part of your life someday. So, now imagine or picture a state of mind where the layers of stress that you experience as an adult now are pulled away from your mind and body. You feel your body becoming lighter and lighter. Floating. Nothing can hold you down. Ahhh! It feels so good. You feel like a new person now. So come on, you deserve some relief! Safe & Reliable help is at hand NOW.!

## Stop Smoking the Easy Way [57 minutes CD]

Do you want to quit smoking those cigarettes that make you feel unhealthy and negative about yourself? This is a highly effective one session CD that will give you the results you want, quickly & safely.!

## Improved Study Habits Now [69 minutes CD]

Do you wish you could easily take fast and understandable notes? Find it hard to sit down and study what needs to be studied at the end of the day? Never know where to start? Well start here! This is the answer to all those questions you have on study improvement. Ideal for Students or the forgetful.

## Unstoppable Self Confidence Immediately [63 minutes CD]

Do you think you can do it? I mean, do you think you're capable of accomplishing whatever you desire? After letting these advanced power suggestions of self-confidence go down deeply into you mind, just how powerful and happy will you feel on the inside? Easily, allow yourself to experience great change of self-confidence in anyway you can imagine. Just what would you enjoy experiencing a newfound confidence in? Whatever it is, it is just a hypnosis session away! What will your friend's and family's face expressions look like when they see your new confidence? Don't run to your mailbox yet!
